

2019 HURRICANE SEASON / STORM PREPARATION

Hurricane season is from June 1st – November 30th!

The National Oceanic and Atmospheric Administration (NOAA) is forecasting that there is a 75% chance that the 2019 **Atlantic** hurricane season will be near-normal.

NOAA's forecasters predict a 70% likelihood of 9-15 named storms (winds of 39 mph or higher), of which 4-8 could become hurricanes (winds of 74 mph or higher) including 2-4 major hurricanes, category 3, 4 or 5 (with winds of 111 mph or higher).

Regardless of the outlook MEDTRON/MEDDATA wants to encourage everyone to **be prepared**. Have a plan in place if your area comes under severe weather. See our suggestions linked below. Discuss your plan to stay safe with your staff and family and be ready to implement your plan.

Rest assured MEDTRON has an excellent Disaster Recovery Plan in place to provide continuous system connectivity.

Our best defense against a storm is PREPARATION! In an effort to assist your office to prepare for hurricane season, MEDTRON/MEDDATA is providing 'Suggestions for Storm Preparation'.
