NOTE: LA Traditional Medicaid will ONLY reimburse for LA State Holidays

- LA Medicaid still reimburses providers for select adjunct add-on services, i.e., 99051 (Services ...**at regularly scheduled evening, weekend, or holiday hours...**), as outlined by the *Current Procedural Terminology* manual under “Special Services, Procedures and Reports” using the following guidelines:
- The intent of this policy is to facilitate recipient access to services during non-typical hours primarily to reduce the inappropriate use of the hospital emergency department. The reimbursement provided by use of the adjunct codes is intended to assist with covering the additional administrative costs associated with staffing during these times. The intent is to motivate providers to alter their existing business hours for the purpose of maximizing reimbursement.
 - These adjunct codes are reimbursed in addition to the reimbursement for outpatient evaluation and management (E&M) services when the services are rendered in settings other than hospital emergency departments on Monday through Friday from 5 p.m. through 8 a.m., on weekends from 12 a.m. Saturday through midnight Sunday, and on State/Governor proclaimed legal holidays from 12 a.m. through midnight. Refer to the *Louisiana Medicaid Professional Services Fee Schedule* on the Medicaid website for reimbursement information relative to these codes. Providers are instructed to bill usual and customary charges.

Payments to all providers are subject to post payment review and recovery of overpayments.

Amerigroup will only reimburse when associated E&M is billed with modifier 25 or if modifier 59 is affixed to CPT: 99051.

The following carriers do not reimburse CPT: 99051:

Blue Cross (Professional Provider Office Manual – December 2016)

Blue Cross policy for after hours CPT codes

After hours Physicians' CPT codes are reimbursed as follows:

- 99050 pays separately when billed with one of the following E&M codes: 99201 - 99215
- 99056 and 99058 pay separately when billed with one of the following E&M codes: 99241 - 99245

After hours CPT codes are only reimbursed separately when submitted with the E&M codes listed above. The provider's documentation should support the need for these services.

CPT codes 99051, 99053 and 99060 are not reimbursed separately.

NOTE: BCBS published that these codes are not payable. However, BCBS of LA intermittently pays and BCBS OGS consistently pays. Their Clear Claim Connection tool supports payment if associated E&M is billed with modifier 25 and/or if modifier 59 is affixed to CPT: 99051 when billed with the modified E&M.

Cigna (Code Editing Policy & Guidelines – June 2015, *validated per Rep Wendy Cefalu November 2016*)

After-Hours Care	<p>We support physicians' efforts to treat patients in the office setting rather than refer them to emergent or urgent care. Accordingly, separate reimbursement is allowed for after-hours CPT codes 99050 when billed with one of the E/M codes from the following list: 99201-99205, 99212-99215, 99241-99245, and 99354-99355.</p> <p>In addition, separate reimbursement is allowed for after-hours code 99058 when billed with one of the E/M codes from the following list: 99201-99205 and 99212-99215.</p> <p>Please Note: Separate reimbursement for the after-hours CPT Codes 99050 and 99058 is allowed on claims where only the after-hours code and its associated E/M code (see lists above) are billed. Adding additional codes to the claim may alter the payment of the after-hours code.</p> <p>After-hours services represented by CPT codes 99051– 99056 and 99060 do not support physicians treating patients in the office. Separate reimbursement for these services is not allowed. A modifier will not override the edit.</p>
-------------------------	---

NOTE: Although Cigna excerpt above states that CPT: 99051 is not reimbursable, the Clear Claim Connection tool allows for CPT: 99051 when modifier 25 is affixed to the associated E&M.

Questions and Answers												
<p>Q: Why doesn't UnitedHealthcare Community Plan provide reimbursement for CPT codes 99051, 99053, 99056, 99058 or 99060?</p> <p>1 A: The After Hours and Weekend Care policy is intended to reimburse physicians for services that are outside their normal office routines as an alternative to more costly emergency room or urgent care center services. Reimbursement for CPT codes 99051, 99053, 99056, 99058 or 99060 would not accomplish this purpose and are not reimbursed by CMS.</p>
