

## MEDEHR Certified Version 1.0 – New Feature

MEDTRON is continually adding new features (enhancements) to **MEDEHR**. Outlined below are some of the new features moving to production in the coming week(s), *many as a result of Meaningful Use 2 (MU2) certification*. It is important that the practice 'administrator' update the **Control Panel** tab, Access, User Group Rights menu to turn on/off the new features, as they present, for specific 'user group access' as deemed appropriate. Watch the **MEDEHR** section of our website ([www.medtronsoftware.com](http://www.medtronsoftware.com)) for future updates to the User Guides associated with these new features. As always, users can contact Software Support by clicking on [support@medtronsoftware.com](mailto:support@medtronsoftware.com) from the sign on page to launch an email or calling 800-978-0599 for assistance.

**REMINDER:** The MEDTRON website has lots of valuable information including most up to date User Guides grids, and other important resources.

**REMINDER:** Users have the option to click the Support or Technical email link from sign-on page to submit questions/issues to MEDTRON.

★ From the **Facesheet** tab, Previous Encounter section, new print options have been added to the 'Print Encounters' link. User has option to: 'Print Summary' → will print patient information and Chief Complaint sections of all encounters listed -OR- 'Print Details' → will print patient information and all encounter sections for all encounters listed

To narrow down encounter list, user can search by date, provider and/or diagnosis. When search feature is utilized, only those encounters listed as a result of search will print.

The screenshot shows the 'Facesheet' tab for patient HOLLY P MANNING. Below the patient demographics, there is a 'Previous Encounters' table. A red box highlights the 'Print Encounters' link above this table. Below the table, a 'Print Previous Encounters' dialog is open, with red boxes highlighting the search filters for Start Date, End Date, Providers, and Diagnosis, and the 'Print Summary' and 'Print Details' buttons.

Date	Appt Type	Chief Complaint	Appt Notes	Prov	Loc	Sts	Appt Type	Options
10/13/2014		pain in hip	<a href="#">pain in hip</a>	KJB	01	D		
09/29/2014	EST PT	add my referral #1		KJB	01	F	EST PT	
09/15/2014		persistent cough, run...	<a href="#">REFERRAL TO ENT FROM PCP</a>	KJB	01	F		

This screenshot shows the 'Print Previous Encounters' dialog with the 'Print Encounter Summary' option selected. The summary view displays the following information:

- Patient Information:** Patient Name: HOLLY P MANNING, Patient DOB: 05/15/1983, Patient Address: 18 MANNING DR, LITTLETON, CO, UNITED STATES-80123.
- Appointment Details:** Appointment Date: 10/13/2014 (1:00 pm - 1:10 pm), Prov: KEVIN BUCKNUM, Referring Provider: ANDREA SMITH.
- Chief Complaint:** pain in hip.
- Notes:** pain in hip.

This screenshot shows the 'Print Previous Encounters' dialog with the 'Print Encounter Detail' option selected. The detail view displays the following information:

- Medtron Clinic Inc:** 120 Innwood Drive, COVINGTON, LA, 70433.
- Patient Information:** Patient Name: HOLLY P MANNING, Patient DOB: 05/15/1983, Patient Address: 18 MANNING DR, LITTLETON, CO, UNITED STATES-80123, Acct #: 17.
- Appointment Details:** Appointment Date: 10/13/2014 (1:00 pm - 1:10 pm), Prov: KEVIN BUCKNUM, Referring Provider: ANDREA SMITH.
- Chief Complaint:** pain in hip.
- Notes:** pain in hip.
- Last Updated By:**

★ Electronic signatures have often been used for Referral Letters in MEDEHR. Now, providers can add an electronic signature to encounter details as a graphic file. All graphic files added to MEDEHR must have a URL address. Users can obtain the URL address by emailing MEDTRON Software Support an electronic copy of graphic (provider signature).

Once URL address is obtained, Software Support will update MEDEHR with URL address to display provider signature on all encounters.

**Encounter Details**

Date	ICD Code	ICD Code Detail	Notes	Diagnosed by
10/22/2014	V20.2	Routine infant or child health check		KEVIN BUCKNUM, MD
