## 2016 MEDPM SUPPORT FILE UPDATES FOR ICD-10 AND CPT CODES

It is that time of year again when revisions (updates/additions/deletions) are published to codes used for medical billing:

**CPT (Current Procedural Terminology)** ~ published ~ September 15, effective January 1, 2016

There are hundreds of code changes that reflect the combined efforts of the health care community to capture and describe the latest scientific and technological advances in medical, surgical and diagnostic services.

**REMINDER:** 2016 CPT updates/additions/deletions ~ Support files must be reviewed for updates/additions/deletions via **MEDPM**, equally as important, if used, are the **charge tickets which must be reviewed to confirm all linked diagnosis and/or transaction codes (key codes) using specific CPT codes are current/accurate.**
